

# M.K. Pentecost Ecology Fund

## Grant Application Guidelines for 2021 – Nonprofit organizations

### Mission Statement and Beliefs:

The mission of the M.K. Pentecost Ecology Fund Committee is to promote and support ecological stewardship of natural resources. We believe that the church has a responsibility for protecting God's creation, seeking environmental justice, encouraging conservation, promoting education, and restoring eco-systems.

### Eligible Applicants:

Savannah Presbytery's M. K. Pentecost Ecology Fund grants may be awarded to projects that support the presbytery's ministry of environmental justice and ecological stewardship of natural resources. The funds are to be used for promoting conservation efforts, for education and studies in key environmental issues of endangered ecosystems, for promoting the protection of wetlands, for controlling erosion or other destructive forces, for restricting activities in construction which damage the environment, for eliminating the useless destruction of marine life and/or wild life, for maintaining beach areas for responsible relaxation and refreshment, and for controlling water quality. In general, these funds are to be used for the restoration and preservation of ecosystems to maintain the church's ministry for ecological justice and stewardship of natural resources.

### Dates and Deadlines:

Applications and all supporting documents must be received *no later* than **April 1, 2021**.

The M. K. Pentecost Ecology Fund Committee meets in May to review applications and makes grant awards in early June. The committee meets again in January to review reporting documents from grant recipients.

### Applications:

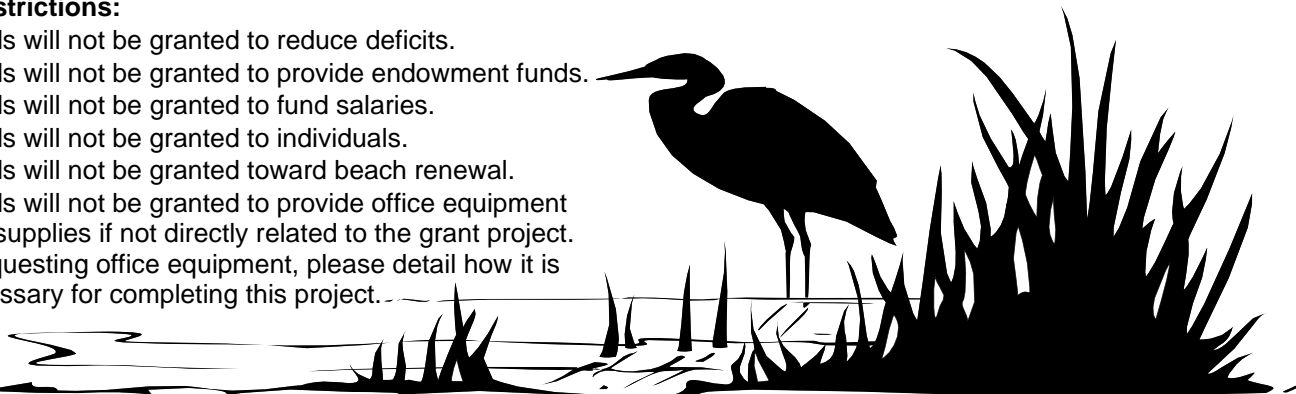

Applications should be submitted to the M. K. Pentecost Ecology Fund Committee in PDF format at the email address below. After your application is received, the committee coordinator will contact you to arrange a site visit, if appropriate. You may also be asked to send a representative or be available by conference call/multi-media to present your proposal at the May 21, 2021 meeting of the committee. An organization receiving an award from our fund two consecutive years will be asked to abstain for one year before reapplying.

### Funding Criteria and application instructions:

- First preference will be given to those ecological concerns that affect the Atlantic coast of the states of GA and SC.
- Applications should demonstrate the need and benefit to the community.
- Funds may be used to establish new projects, expand existing projects, or replace funds currently being used on existing projects. As of May 2009 funds may not be used to cover indirect costs.
- Preference may be given to applicants with 501(C)(3) non-profit status. Proof of status must be provided.
- Applications may be submitted for up to \$2,500. In the application description and proposed budget, indicate whether or not partial funding would be acceptable
- Evidence must be given that matching money has been secured for the money requested from the M.K. Pentecost Ecology Fund. 100% matching funds have priority over all other grants.
- Please provide a copy via e-mail in a PDF file format of the application form, the description pages, and the proposal budget.

### Funding Restrictions:

- Funds will not be granted to reduce deficits.
- Funds will not be granted to provide endowment funds.
- Funds will not be granted to fund salaries.
- Funds will not be granted to individuals.
- Funds will not be granted toward beach renewal.
- Funds will not be granted to provide office equipment and supplies if not directly related to the grant project. If requesting office equipment, please detail how it is necessary for completing this project.
